

RNSF Two-Year Rolling Project Programme

Across our whole Federation each class is united in the same topic focus which is enlivened with whole school 'inspirational starters', visits and visitors, theme days, and each project often ends with a 'product' or endpoint that we are all working towards as a school. A child might encounter the same topic three times as they move through our school, but it will look very different in each year group with a focus on different literature, historical events and scientific knowledge.
