Y4	Local Area Study: Bradford on Avon Land Use and Digital Maps Local walk – Rode & BoA Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time. Describe and understand key aspects of physical & human geography Use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.	History Focus: Maps to locate Greek & Roman empires Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.	Overheating Planet: Climate Change Locate the world's countries, using maps to focus on Europe (inc the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries and other major cities. Identify the position and significance of Equator, N. and S. Hemisphere, Tropics of Cancer and Capricorn. Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied. Describe & understand key aspects of physical geography including rivers, mountains and climate zones. Describe & understand key aspects of human geography: types of settlement & land use, economic activity.	Blue Planet: The Ocean Local walk - Rode Describe & understand key aspects of physical geography including rivers, mountains and climate zones. Describe & understand key aspects of human geography: types of settlement & land use, economic activity.	Local walk - Rode History Focus: Identify locations of hill forts (Covered through History curriculum of hill forts) Name and locate geographical regions and their identifying human and physical characteristics, key topographical features (in hills and rivers) and land-use patterns. Describe & understand key aspects of human geography: types of settlement & land use	France: French Alps, Pyrenees & Climate in the South Yr4- How would you get to France? Booking your holiday and travelling (using French language skills) Understand geographical similarities and differences through studying the human and physical geography of a region in the <u>United Kingdom</u> and region in a <u>European country</u>. Locate the world's countries, using maps to focus on Europe (including the location of France) Literacy link to French Fairy Tales Describe & understand key aspects of physical geography including rivers, mountains and climate zones. Describe & understand key aspects of human geography: types of settlement & land use, economic activity. Use maps, atlases, globes and digital/computer mapping (Google Earth) to locate countries and describe features studied	Amazing Amazon: Amazon (SA) Locate North and South America, concentrating on their environmental regions, key physical and human characteristics, countries and other major cities. Identify the position and significance of Equator, N. and S. Hemisphere, Tropics of Cancer and Capricorn. Understand geographical similarities and differences through studying the human and physical geography of a region in the <u>United Kingdom</u> and region in a <u>South America</u>. Use eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the wider world	What is it like to live in the Andes? Andes - Peru focus (SA) Local walk – Frome Trip: Bradford on Avon Locate North and South America, concentrating on their environmental regions, key physical and human characteristics, countries and other major cities. Identify the position and significance of Equator, N. and S. Hemisphere, Tropics of Cancer and Capricorn. Place Knowledge: Understand geographical similarities and differences through studying the human and physical geography of a region <u>within</u> N/S America. Compare with Local UK and Europe study. Describe & understand key aspects of physical geography including rivers, mountains and climate zones. Describe & understand key aspects of human geography: types of settlement & land use, economic activity. Use maps, atlases, globes and digital/computer mapping (Google Earth) to locate countries and describe features studied Use the eight points of a compass, four-figure grid references.

National Curriculum Requirements:

Key Stage One	
○ Locational Knowledge - Children should be taught to: ○ Name and locate the world's seven continents and five oceans; ○ Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas. ○ Place Knowledge - Children should be taught to: ○ Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country. ○ Human and Physical Geography - Children should be taught to: ○ Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles; ○ Use basic geographical vocabulary to refer to: ▪ Key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather; ▪ Key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop.	Skills and Fieldwork - Children should be taught to: ○ Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage ○ Use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map ○ Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key ○ Use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.

Key Stage Two	
○ Locational Knowledge - Children should be taught to: ○ Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; ○ Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; ○ Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night). ○ Place Knowledge - Children should be taught to: ○ Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America. ○ Human and Physical Geography - Children should be taught to: ○ Describe and understand key aspects of: ▪ Physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle ▪ Human geography, <u>including</u>: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water	Skills and Fieldwork - Children should be taught to: ○ Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied ○ Use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world ○ Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.
